Summary: A little story about SG-1, a van and books. (Sequel to:-  
Fused and Are We There Yet?)

I'm bored

"I'M BORED!"

>SQUEL TO:- Fused and "Are we there yet?"<br>

> "Are we there yet? I'm bored!" yelled Daniel <br>from the back of  
the van. Oh great, thought Jack. Here

>we go again. It had been like this on the way to the <br>camping  
site as well. Daniel had started it. Then,

>Teal'c had brought up a few comments which just made Sam<br>go  
completely mad! And what was worse, Jack had to sit

>through the whole thing. <br> "Aren't you going to look at your new  
rocks, Dr.

>Jackson?" said the Jaffa with his head in a book. No, I<br>don't  
have any idea what he was reading about. He was

>just reading, ok? Now, stop asking so many questions!<br> "I've  
already seen them all!" whined Daniel.

>"About a million gadillion times!" Daniel folded his <br>arms,  
proudly.

> Samantha Carter crawled out from under the <br>blanket. She was  
trying to get some sleep. She never was

>really comfortable sleeping on the ground. <br> "Well, look at them  
again, Daniel!" she said in

>a sleepy voice. "I'm trying to get some sleep!" No need<br>to point  
out the obvious, Sam.

> "And I've made note on all of them as well" <br>claimed Daniel.  
Jack almost started hitting his head

>against the steering wheel, but he decided not to. Here<br>we go  
again:-

> "Then, why not make more notes on them?"<br> "It's getting boring"

> "This is a really good book"<br> "Is it about rocks?"

> "Hello, are you listening to me?"<br> "Will you please shut up?"

> "No, it is not, Daniel Jackson!"<br> "No, guess you're not!"  
> "Oh, but that's not fair!"<br> "This is will starting to get  
annoying.."  
> "Daniel let me see those notes you made on the<br>rocks for just  
one second."  
> Of course, Daniel fell for it and handed his <br>note book to Sam.  
Of course, Sam opened the window and  
>throw the notebook out.<br> "There," said Sam, crawling back down  
under the  
>blanket. "Now, youhave something to do."<br> "Jack! We have to stop  
the car!" yelled Daniel.  
>He was now getting all upset. It could have been worse,<br>Sam could  
have thrown the rocks out the window.  
> "This is a van, Dr. Jackson," commented Teal'c.<br>He always has  
something really useful to say at times  
>like these, doesn't he?<br> "I don't care, we have to stop and get  
my  
>notebook" almost screamed Daniel. "I'll die without it!"<br>We're  
sure you won't, Daniel. But then again, it is  
>Daniel.....<br> Anyway, Daniel started a huge fight with Jack  
  
>which resulted in Teal'c dropping his book out the <br>window.  
> "Jack O'Neill, may I request that we stop the <br>car so I may go  
look for my book?" the Jaffa asked. Jack  
>was beginning to get sick and tired of this. Of course,<br>all this  
fuss woke Sam up who started antoher fight:-  
> "Will you two please shut up?"<br> "Hey, you started it!"  
> "Oh yeah?"<br> "Well, yes, Major Carter. You did."  
> "Oh, just shut it!"<br> "I want my notebook back!"  
> "I would like a new book."<br> "I want a new life...."  
> "Nothing could ever replace my notebook. I'm lost<br>without it!"  
  
> "Not even Henry?"<br> "Who is this Henry?"  
> "Hey! Don't make fun of my coffee cup!"<br> Of course, Jack had by  
now reached the SGC and  
>somehow managed to park the van.<br> "Will the lot of you please  
shut up?!?!" Jack  
>yelled at the top of his voice. His heart was now racing<br>at an  
alarmingly high rate. He couldn't take much more  
>of this. The rest of the team noticed this and ab-lib<br>"Sorry,  
Jack"'s echoed around the van. Jack opened the  
>door and the SG-1 team climbed out the van. This was all<br>done in  
time for tea.  
> In the end, the general found Teal'c and Daniel's<br>books on the  
way back from holiday....  
>ROCK 21<br>GRANITE, AN INGNIOUS ROCK  
>THIS IS A VERY NICE ROCK. I'LL THINK IT WILL BE A NICE<br>PET FOR MY  
BELOVED COFFEE CUP, HENRY.  
> "Er, Daniel. My doctor's very nice. Perhaps you<br>should go visit  
him" said the general.
